

# **PUBLIC NOTICE**

## **To the Shareholders and Directors of Gunns Limited, Tasmania**

As a result of proposed or existing clear felling and plantations on the Karst catchments of the Lobster and Mole Creek Rivulets, “The Western Rivers Preservation Trust” places the above on notice that we are monitoring the water for siltation and contamination by herbicides and pesticides. The water supply to the villages of Chudleigh and Mole Creek has been tested by Authorities outside the State of Tasmania and is pristine.

Pollute at your peril.

Remember OK Tedi

**Mr R. Loone, T: 6363 6190**  
**President, The Western Rivers Preservation Trust**
